TROY-BILT TILLER, FREE, A GREAT DEAL! I have owned and used this tiller for 8 years. It has been an excellent machine and always stored inside. Unfortunately, a friend used the machine recently without checking and filling the oil, and the motor seized. I am no longer able to garden or do shop maintenance and hope someone else could repair and use this nice piece of equipment. A replacement motor, if needed, sells for \$134 at Harbor Freight. The tiller sells new now for \$899 at Harbor Freight. It is very likely that the engine can be restarted and repaired without needing replacement. A message from Jim's Corner Furniture Store

Thanks to our family/friends we have received a place to store freight that will soon be arriving. We are so sorry for everyone who has lost their homes, families, and all the devastating issues that we are all going through. We are working very hard to keep the furniture flowing and help out by providing furniture to those in need. We still have no power and are operating on cash or check only. We have bedding, and plenty of recliners. We are running a "storm special" on a basic lift chair for \$499. Most anything you need is here while supplies last and/or until we can receive replacements. Since we lost our main warehouse space along with the furniture in it, there may be somewhat of a wait time for things you need to replace. However, we are working towards the recovery.
